Greetings from Rappahannock Westminster-Canterbury!

We welcome you to enjoy our 2018-2019 Annual Report highlighting the profound generosity of our benefactors and supporters. With a spirit of Gratitude we celebrate each person and each organization contributing gifts of time, talent, and treasure to the mission of the Rappahannock Westminster-Canterbury Foundation. Through fellowship, scholarship, and special projects the Foundation enhances the mission of RWC as we serve those in and throughout our community.

Melody Beattie says, *"Gratitude makes sense of our past, brings peace for today, and creates a vision for tomorrow."* Your gifts make sense of past lives of faithful, humble, and sacrificial service. Your gifts bring peace to those who have the certainty of shelter, food, care, and quality of life without fear of loss. Peace comes from programs that delay the effects of Parkinson's disease and the challenges of cognitive impairment. Peace comes among friends sharing the concerns and strains of caregiving in support groups. Peace comes from time exploring memories and past experiences through the Birdsong

Tablet and its easy-to-use access to the world. Your inspiring ideas and graciously dedicated tributes give rise to projects that are a vision for the future, such as the Small House.

Reflecting upon this generosity reminds us of the simple but profound words of Alfred North Whitehead, *"No one who achieves success does so without the help of others."* The success in fulfilling its mission is only possible with your consistent and faithful support of the Fellowship Fund and the various projects of the Foundation. Whitehead goes on to say that, *"The wise and confident acknowledge this help with gratitude."* We hope this Annual Report conveys the immense gratitude of those who benefit from the Foundation and RWC programs and services to you our faithful supporters and encouragers who make those possible.

May you be blessed by the many blessing you bestow upon grateful friends and neighbors.

Rehabilitation Services with RWC

Rappahannock Westminister-Canterbury has provided quality rehabilitation services to residents in the health center and assisted living center for many years. In February 2018, the rehabilitation center expanded to a new location enabling the expansion of its services to include residents residing within the independent living community. During that time, the rehabilitation team also began the intensive process of becoming a Medicare certified rehabilitation agency. A certified rehabilitation agency provides an integrated, multidisciplinary program designed to maximize an individual's function and abilities through the use of a specialized rehabilitation team of physical therapy, occupational therapy, and speech language pathology personnel. The certification process which concluded in May of 2019 enables the rehabilitation team to provide services to individuals residing in the greater community expanding our services to members of our Parkinson's group, Rappahannock Club members, and At-Home and Living Well clients.

Rehabilitation Services with RWC offers a full range of therapy services dedicated to helping individuals regain the strength and function they need to resume and improve the routines and activities of daily life. Jennifer Hinton, Occupational Therapist and Rehab Administrator has been employed by RWC for nearly 14 years providing treatment in the areas of self-care to maximize a resident's independence and safety. She explains, "We have always been committed to providing the highest-quality care to our residents. This expansion and certification has further enhanced our ability to coordinate the assessment and knowledge of our entire team which only benefits the residents in a more comprehensive, integrated treatment approach."

Michelle Lybarger, Physical Therapist, joined the RWC team in June of 2016. She brings 23 years of physical therapy experience treating individuals in the hospital as well as the outpatient setting with a variety of diagnosis including joint replacements and joint pain, fall prevention and balance management, stroke recovery, chronic obstructive pulmonary disease (COPD), congestive heart failure (CHF), and low-back

pain. Michelle is certified in LSVT BIG, an intensive, evidence-based program developed for the treatment of Parkinson's disease to "recalibrate" movement and improve functions such as walking and self-care tasks.

Lisa Thomas, Speech Language Pathologist, has been an employee of RWC for 13 years. Lisa specializes in the treatment of speech and language disorders, swallowing difficulty, and memory/cognitive problems. She is certified in the LSVT LOUD program which addresses the speech and voice loudness concerns associated with Parkinson's disease. Lisa is also certified in ESP (Effective Swallowing Protocol) for individuals with difficulty swallowing.

Rehabilitation Services with RWC continues to advance quality of life of residents and community participants in part through donations to the Foundation.

Economic Impact

Rappahannock Westminster-Canterbury depends upon the gifts and talents of staff members to provide a vast range of care and services for residents and clients, the skills and expertise of local business that provide necessary goods and services, and other local organizations that directly and indirectly support RWC and our residents, clients, and staff.

For our fiscal year 2018-2019, our payroll for staff living in the greater Northern Neck community exceeded \$7.7 million with an additional \$1.8 million to staff residing in the Middle Peninsula community.

During the same time period, expenditures on goods, services, and capital assets in the Northern Neck exceeded \$3 million and exceeded \$360,000 on the Middle Peninsula.

Yes, we do pay taxes as well. Our personal property, real estate and sales tax expenditures were \$181,317 this fiscal year.

Birdsong Charitable Foundation

“Giving back is a value our founder, T. H. Birdsong, not only lived but also instilled in his family. That commitment to make the world a better place continues today as we partner with our customers and communities to make a difference.”

With a generous exploratory grant from the Birdsong Charitable Foundation, RWC began a feasibility study in 2018 of a Small House care model to augment the Health Services portfolio at RWC. A Small House will provide RWC residents with a care setting that closely approximates a home setting naturally preferred by most needing care and assistance. The Small House model offers private and/or couple's suites and bathrooms oriented around a living area which includes residential amenities, family-style dining, entertainment options, socialization and activities. Coupled with great clinical care for small groups of residents, this care model is highly preferable to traditional or institutional care environments. Specially trained caregivers provide care

and supportive services to residents almost as family members. Appropriately sized home-like care environments may be suitable for those who need care normally provided in assisted living facilities, memory support facilities and/or with special accommodations, nursing homes.

Through the study RWC identified the site location for a 16-suite Small House adjacent to the present Assisted Living building. The preliminary development cost projection for the Small House that would serve 16 residents is approximately \$4.8 million, excluding operating costs. A Small House at RWC will bring this innovative environment and approach to supportive living and care to residents of RWC and the Northern Neck like no other local care organization currently provides. The potential for improved resident quality of life far exceeds what is possible in traditional or institutional care settings because great care is provided in a home-like, supportive environment. Caregivers may also benefit from the home-like environment in which to care for residents.

Mrs. Jane Birdsong, a member of the Rappahannock Westminster-Canterbury Foundation, encouraged the Foundation, on behalf of RWC, to appeal to the Birdsong Charitable Foundation for a grant toward the development of the Small House at RWC. Recognizing the profound impact that the Small House concept provides for residents and caregivers, the Birdsong Charitable Foundation made a very generous five-year, \$1 million pledge to enable this project. With the 2019 Birdsong Grant and previous donations exceeding \$500,000, the Small House is well on the way to becoming a reality at Rappahannock Westminster-Canterbury.

2019 RWC Golf Tournament

Rappahannock Westminster-Canterbury Foundation's 35th Annual Open Golf Tournament was momentous in many ways. The April 25th event benefiting the RWC Fellowship Fund, was held at the Golden Eagle Golf Club and sold out, raising more money than in years past.

Players were divided into three flights:

"Thirty-five teams (140 golfers) enjoyed a beautiful day at The Golden Eagle and benefited an important part of our community at the same time," said Don A. Nelson, head golf professional. "We are delighted to host the golf tournament right across the street from our neighbors at RWC."

RWC President Stuart Bunting expressed his appreciation for the overwhelming community and statewide support from participants, sponsors and prize donors.

"This tournament really goes a long way toward helping us achieve our Foundation's mission," Bunting said.
